## Family Fun Trail @ Marina Bay

BY BMSS PUBLICITY

On the 29<sup>th</sup> of March, 50 parents, their children, alumni and staff had an enjoyable evening walking around Marina bay. Over the 2km trail, participants bonded and soaked up the sights and sounds of downtown Singapore.

The trail brought participants on a relaxed yet enriching walk on a Friday evening. They learnt more about historical sites such as the Singapore River and the Lim Bo Seng Memorial. They were treated to the spectacular views of landmarks such as the Victoria Concert Hall, the Esplanade and the Helix Bridge.

The event ended off with the very vibrant 'spectra' laser show at MBS, where they immersed themselves in the beauty of the coruscating lights.

**We look forward to your participation again in future programmes organised by BMSS!**
